

## Using 10 to Solve Equations (pp 2-3)

**Directions:** Use these number equations as headers. Sort the equations on page 3 of download under one of these headers by asking, "Which equation best helps you to solve this problem?" Some equations may have more than one correct answer!

## Using Doubles to Solve Equations (pp 4-5)

**Directions:** Use these number equations as headers. Sort the equations on page 5 of download under one of these headers by asking, "Which equation best helps you to solve this problem?" Some equations may have more than one correct answer!
